### ENVIRONMENTAL CARE

Siam Bayshore Resort takes its environmental responsibilities seriously and has initiated many "green" policies which include recycling programmes and sorting of recyclable waste. Only environmentally sound products are used, including phosphate-free laundry detergents.

At Siam Bayshore Resort rainwater is directed from drainage pipes into reservoirs, properly treated and used for non-drinking purposes throughout the hotel. Siam Bayshore Resort has its own water treatment system, but even its treated water is still directed into the Pattaya City waste water treatment plant, so that none reaches the Bay or waterways of Pattaya.

### SEMINAR AND BANQUET FACILITIES

Overlooking beautiful landscaped gardens, Siam Bayshore Resort's conferences facilities offer flexible arrangements to suit all types of functions from international conferences to incentive theme parties. Seminar participants enjoy coffee breaks in the gardens and barbecues by the pool overlooking the bay.
